

Art Framing Co.

1912.

September 4th, 1912.

Art Framing Company,
3610 Broadway,
New York.

Dear Sir:-

The frame was received several days ago, and is satisfactory. I will need nine similar frames, which will vary somewhat in size. Would it be convenient for your Representative to call here regarding them some day soon between eleven and four o'clock, as I would like to explain some matters regarding them, and do not want to send the pictures out of this building for any length of time, as they are very valuable, and I would not like to have them in any building that was not absolutely fireproof.

You can send me a bill for the frame which you have already made, and I will send you a check for the amount, or you can leave it and I will pay for all the frames at the one time, whichever you would prefer.

Very truly yours,

Director.

September 10th, 1912.

Mr. Samuel P. Farber,
Art Framing Co.,
3610 Broadway,
New York.

Dear Sir:-

How is it that you have charged me \$1.65 for nine of the frames that you made, and but \$1.35 for the first one which was precisely similar?

When I called on you and ordered the first frame you gave me the price as \$1.25, and informed me that you would make no extra charge for putting the picture in the frame. When that frame was delivered to the janitor here your messenger gave the same price, \$1.25, as the charge which he expected to collect. I return your bill herewith, and would be obliged if you would send me a corrected bill on receipt of which I will send you a check.

Very truly yours,

Director.

Mr. Brimmer L. Belden

Director
The American Numismatic Society
156 St. P. & Broadway

New York

Dear Sir; I beg to enclose corrected bills herewith, and am very sorry that I had apparently overcharged you for the work.

One of these corrected bills is made out to the amount originally quoted. The other amounts to a little more, and which I think to be very fair on account of the extra work required to meet your subsequent special desires. However, it will be entirely satisfactory to me if you'll accept as correct either one of these bills. The price of 1.65 each on yesterday's bill marked void I would think to be a little excessive although not entirely unreasonable.

I hope to favored
